

Egg Carton Oyster

Materials

- Egg Carton
- White Pom-Pom
- Pink Paper
- Glue/Tape
- Scissors
- Googly Eyes

Craft Courtesy of CraftyMorning.com

Directions

1. Cut two cups or egg holders off of the egg carton. Make sure the edges are smooth and don't have any overhang of carton or paper.
2. Cut out a circle from the pink paper that will fit in the bottom of one of the egg holders.
3. Tape or glue the pink paper on the inside of one of the egg holders.
4. While the glue is drying, glue the pompom on top of the pink paper.

Directions (Continued)

5. Tape the other egg holder on top of the holder with pink paper and pompom on the bottom.
6. Glue the googly eyes into place and let dry.

Did You Know?

Oysters are constantly drawing water over their gills to breathe, but this action serves another purpose as well. Their diet consists of algae and food particles filtered from the water they draw in.
